One sign-on delivers access to three powerful resources: Web of Science, EndNote® online, and ResearcherID.

- Set up search history alerts. The alert automatically searches the latest update to the database, and then sends the results to you by e-mail.
- Set up citation alerts, which notifies you by e-mail whenever an article on your Citation Alerts list has been cited by a new article. This feature requires a subscription to Web of Science Core Collection.
- Create and maintain custom journal lists that you frequently read and for setting up Table of Contents e-mail alerts. This feature requires a subscription to [Current Contents Connect](#).
- Add references to your EndNote online library directly from Web of Science Core Collection and other product databases.

My Citation Alerts: Receive emails or RSS feeds when an article you're tracking in Web of Science Core Collection is cited in a new publication
